January went by very quickly, and the children have settled back into the classroom nicely. The children had a wonderful time learning about different bugs, especially the ones found at school. Thank you to all the children who shared their wonderful story books about bugs, and to Emma Kane for sharing her caterpillars.

For the month of February, we will be learning about "Dinosaurs". This will include learning about which dinosaurs are herbivores and which are carnivores. Like always, books and items relating to our curriculum are welcome throughout the month and greatly appreciated.

We will be continuing our continent study around the world and moving on to the Eastern hemisphere. Our focus for February will be the largest continent - ASIA. Because Asia is so vast and large, our main focus will be on Japan and China, but we will briefly discuss the other countries as well. This will include animals, culture, and people. We will also be discussing which of the twelve animals represents the year your child was born for the Chinese zodiac calendar. 2020 is the Year of the Rat.
